

IMAGINATION STATION

6 Weekends of Exciting STEM Exploration

@Imagination Station | 3:00 -4:00pm

Camp is free to Imagination Station members or \$7 admission to non-members.

Age: 7-9

Please Scan to Register

Sat | April 8

Week 1 - Wind-Powered Boat

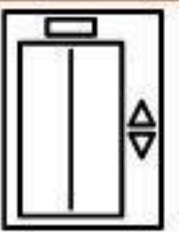

Wind Power Boat: Get ready to set sail on a fun adventure! We'll explore how wind can be used to power a boat and make our own boats.

Sun | April 16

Week 2 - Mini Elevator

Mini Elevator: Are you ready to learn how to make things go up and down? We'll learn about pulleys and levers, and create our own mini elevator.

Sat | April 22

Week 3 - Music Box

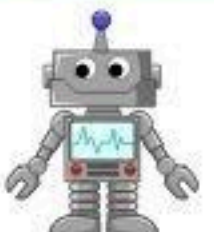

Music Box: Let's make some beautiful music together! We'll discover how music is made and learn about sound waves and vibrations.

Sun | April 30

Week 4 - Solar Robot

Solar Robot: Get ready to meet your new best friend - a robot powered by the sun! We'll learn about renewable energy and how it works.

Sun | May 7

Week 5 - DC circuits Phet Simulation

DC Circuits Phet Simulation: Do you want to learn about electricity while having fun? We'll use a cool computer program to explore how electricity flows in a circuit.

Sun | May 14

Week 6 - Conclusion & Reflection

Conclusion & Reflection: It's time to celebrate all the amazing things we've done and learned! We'll reflect on our favorite projects and talk about how much we've grown as scientists.
